FOREWORD

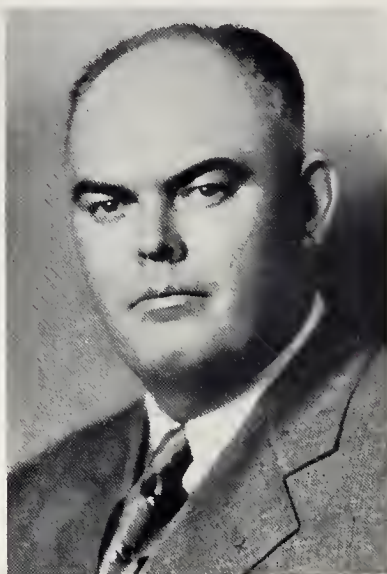

MAY this Book be the key which will unlock and bring to life the past, where you may find satisfaction in the vivid reminiscences of your friends and classmates in Morton High School. It has been our aim that this volume should be a treasure house wherein are stored golden memories of those happiest of days. If we, the Staff of 1934, have attained this goal, we shall feel amply rewarded for our efforts.

TO THE GRADUATING CLASS OF 1934

PEOPLE of my age have always talked to people of your age about the "Good Old Times" of their youth. Am I only under the same delusion now? Surely not; this present seems to be generally recognized as a bad time by people of all ages. You have scarcely known any other kind of time. I do assure you that the world can be gayer, happier, and easier to live in than it is now.

You have even heard it said that you are growing up into an economic system in which you are not needed. Do not believe that for a moment. So long as many lives lack the comforts and the dignity that could be furnished to all, scarcity of useful work cannot be the real problem. The problem now seems to be one of paying the workman. It will be solved. Perhaps even one of you will be the Very Great Person who will find the short cut we all look for.

The sad plight into which the world has fallen must be to you a challenge, not a discouragement nor an excuse for inaction. It is your chance to set up something better than prosperity; that is, order, justice, and a fair opportunity for all. Whatever other qualities your fast-changing times are going to demand, clear and informed thinking is certainly needed. And so is courage. If you have enough of what is needed, you can make your part of the world so much better that you can yourselves make not Good Old Times, but Good New Times for everyone.

ANNA BRADBURY.

LIFE is a succession of events. The ability to interpret these events in the light of one's experience and to capitalize upon them for future constructive use, is one of the marks of the successful life.

The life of the student is especially full of events. The past has handed him a chain of events together with its factual interpretation. School is primarily the place to utilize these facts and scale them to life situations.

The mark of the successful man or woman is not necessarily in the accumulation of worldly goods, but more necessarily in the proper social, spiritual, economic, and emotional adjustment of his life to produce both individual and group harmony.

My earnest hope is that your school experience will fit you to take your place calmly, willingly, and energetically in the ever-changing social and economic world of today and of the future.

MR. FARMER.

Looking Backward

CHAPTER I. DISCOVERY AND EXPLORATION (Sophomore Year)

There was a time, not so many years ago, when Morton High School was discovered by Test, Dennis, and Hibberd immigrants, 383 in number. They were greeted at the fountain by a band of warlike natives. The new settlers had to "dig" for many weeks before they could harvest a crop of good grades.

CHAPTER II. DIVERSIFICATION (Junior Year)

"People do not live by work alone," so the new citizens took part in social affairs, dramatics, music, athletics, and club activities.

CHAPTER III. SUPREMACY! (Senior Year)

Directed by three capable statesmen, Jim Parker, Gerald Smith, and Betty Bartel, and guided by able counsellors, Miss Bradbury and Mr. Farmer, this up-and-coming band of adventurers reached a high level of activity and civilization.

If a record of past achievement is any prophecy of the future, one can safely say that the members of this group will continue to be famous in the years to come. From this company of settlers came Captain Tom LaMar and conquering heroes Eggemeyer, Vance, Bull, Parker, and Bell. These six gave Morton a "New Deal" in foreign conflict in that sport which is most popular on the Middle Western front by winning the sectional encounter and the battle of the Muncie territory. These splendid victories resulted in Morton's entering the great struggle at the capital for the first time in ten years.

These sojourners feel that they have earned peace at last and they have been a "bigger and better" class. A non-stop flight through Morton has been completed by 245 students which makes this the largest graduating class in the history of the Alma Mater. All that remains now is to say "Salve atque vale"—hail and farewell. AND GOOD LUCK!!

WE, the Senior Class of Morton High School, by right of wisdom acquired through countless struggles with those who have been chosen to guide us through the tangled maze that leads to that acme of success—a high school diploma—do solemnly charge the undergraduates of the above institution thus:

1. As far as it lies within your power, you shall strive to emulate the achievements of the class of '34. However, we do not demand the impossible; allowances will be made if you fall short of our accomplishments.
2. Know this: Had not we, the class of '34, been at the helm of this great institution, surely, before now, it must have dashed itself to pieces upon the rocks of bad management and poor government. Therefore, as we relinquish the control of this school, we reverently and fearfully charge you with the care and discipline of future underclassmen.
3. We have found, after repeated trials, that teachers in general cling to ideas entirely foreign to those held by Seniors. Hence, you shall desist from any and all efforts to argue with any member of the faculty on matters of school rules, discipline or grades.
4. You shall carry out those activities which have become part of Morton: the Annual, Mortonite, Junior-Senior Prom, and Senior Play. Spare no time, effort nor money to make these successful.
5. Last of all, remember that in higher institutions of learning scattered throughout the country, we, the erst-while class of '34, will be watching you and expecting you to fulfill our expectations. Woe be unto you if you fail to carry out these solemn and holy commands!

The Team

2016980

JOHN EGGEMEYER—*Forward*. John was the star of the "B" team last year, and made good this year on the "A" team. He is six feet, one inch tall. "Eggy" specialized in shots from the side of the floor and possesses an almost uncanny ability to hit them. He also played a fine floor game. He will be graduated this year.

TOM LAMAR—*Center*. This was Tom's third year of varsity play, and he will be missed greatly next year. He is six feet four inches tall and was classed as one of the outstanding centers in the state. His best shot was a hook shot with either hand. He was elected honorary captain of the team.

GLEN BULL—*Guard*. Glen came to Morton from Chicago, and was ineligible for a year because of I. H. S. A. A. residence rule. He played more than half the season last year. He was classed as the best bankboard man in the state by Coach Piggy Lambert, of Purdue. He is six feet three inches tall, and will be graduated this year.

VERNON BELL—*Forward*. Although "Kike" is only five feet eight inches tall, he more than made up for his lack of height in speed and basket shooting. He will be graduated this year.

BYRL LOGAN—*Forward*. Byrl began the season playing center, but ended the year at one of the forward positions. He probably will play the pivot position next year. He is six feet two inches tall and his height helped the team considerably in controlling the ball. His play in the tourney was especially outstanding.

RICHARD HARDING—*Student Mgr.* Dick has worked hard for three years as a student manager and received his manager letter award this year. A manager has a hard job and Dick did everything a manager could do to help the team and the coach.

JAMES LYBOULT—*Forward*. "Sammy" played either guard or forward, and was equally proficient at either post. He was probably the best long shot on the team. His basket shooting was the feature of nearly every game. Sammy has one more year of competition, and in all probability will be one of the mainstays of next year's five.

PAUL VANCE—*Guard*. Vance was a member of the "B" team for a short time after he came to Morton last year from Sweetser. He was then promoted to the "A" team. Paul was fast, shifty and a fair basket shot. He directed the play of the team and turned in a fine performance in almost every game. He will be graduated this year.

JAMES PARKER—*Guard*. This was "Squeaky's" first year to play on the "A" team. Although he did not play as a regular, he gave a fine account of himself whenever he broke into the game. He is six feet tall. He will be graduated this year.

BILL SQUIRES—*Center*. Bill played on the "B" team most of the season, but was placed on the tourney team. He was an able substitute for LaMar, and scored in nearly every game he played, no matter how short the time. He has one more year. His play in the tourneys was also outstanding.

JAKIE ROCK—*Guard*. Jakie also played most of the season on the "B" team and was promoted to the "A" team. His ability to connect on long shots will make him a valuable man for next year's team.

ELDER EBERHART—*Coach*. "Ebbie" worked diligently to produce a winning team this year and his efforts were not in vain. A coach has a hard job, since it is impossible to please everyone. He tolerated some 30,000 other Richmond "Coaches" all season, and he deserves nothing but praise for his splendid work.

Basketball Resume

THE team that represented Morton High School in the basketball court this year may be justly classed as the best quintet Morton has produced since the fine team of 1924.

To this years' basketeurs also goes the honor of being the first Morton team to go to the State tourney since 1924. At the State tourney, the Red Devils succeeded in defeating Beaver Dam, thir first round opponent, but they lost a heart-breaking battle to Jasper in their second-round game.

The Red Devils finished the season with a record of 19 wins, 11 losses. This included the games played in the Blind, Sectional, Regional, and State tourneys.

Although the team did not win the State championship title, it gave a splendid account of itself, and displayed fine sportsmanship during the entire tournament. Not only in the tourneys, but also during the entire season, the team played as well as it possibly could.

The Baseball Team

A TEAM that has been classed as one of the best in the state has represented Morton High School for the past two seasons. Another team of the highest calibre carried the colors of the school again this year.

Out of a total of 37 games played in the seasons of 1932 and 1933, the Red Devils succeeded in winning 34 of them, and they continued to play a superior brand of ball during the 1934 season. This is an exceptionally fine record for a high school baseball team.

Only two teams, Washington, of Indianapolis, and Greenfield, succeeded in conquering the Red Devils in 1932 and 1933. These defeats were suffered two years ago, near the end of the season, and both were lost by small margins. Greenfield defeated the Red Devils twice.

The Sandlot League, organized four years ago, has done much in developing players for the Morton nines. Boys who played in this league received valuable training which they could not have secured otherwise. Nearly every player on the Morton baseball team for the past two seasons, received his earlier training in the Sandlot League.

Coach Palmer Sponsler deserves the utmost praise in turning out so fine a team. Future Morton teams will do well to equal the most enviable record established by this team.

Eberhart, coach.

Football Season

ONE of the outstanding teams in football in recent years was produced in the fall of '33 under the tutelage of Coach Elder Eberhart. A spirit of hard work, fair playing, and determination was manifested throughout the season. Although the team did not win all its games, the attitude of the players amply compensated for the reverses. Decisively defeating Rushville, Noblesville, and Stewart, O., in succession, the Red Devils lost to Technical, Cathedral, and Muncie. Muncie won their game by the narrow margin of two blocked kicks, after a gruelling, fight-to-the-finish game. Morton defeated the Alumni and lost to Southport to end the season.

DULCY--The Senior Play

The play centers around Dulcy, who gives a week-end party to help her husband in business. Her many stupid blunders almost break up the party, but keep the play moving swiftly and humorously to a happy climax.
